NEW ORLEANS, March 23 .- The visit of former Judge Kenesaw M. Landis, High Commissioner of Baseball, to the Yankee training camp to-day was wrapped round in a mysterious aura of high tension. "Babe' Buth spent the morning dissecting a dandelion, murmuring softly, "He loves me, he loves me not." Colonel Ruppert had a long interview with the former jurist, and Ed Barrow kept watchful guard at the portals.

Finally it was announced that Judge® Landis would make a statement at the game. He did. In the second inning of the Yankee-Pelican contest the judge arose from his box seat and, escorted by Colonel Ruppert, withdrew to a secluded and darkened spot underneath the grandstand. Newspaper correspondents rushed from all lirections with paper and pencil at the

"ready" position.
"Are they all here?" queried the great megul of the national pastime.

"We are." was the answering shout.
The judge cleared his throat, gave a tug to the front of his coat, and amid a silence like that which reigns in the depths of the northern forests

in the depths of the northern forests he enapped out:

"I have nothing whatever to add to my former statements on the case." Then he went back to his field box.

After the game Ruth sought and obtained an hour's interview with Judge Land's. The home-run king expressed tegret for his declaree of the laws of organized baseball and put in a plea to have his suspension lifted or stortened. The commissioner listened attentively, but firmly refused to make any change in his previous decision on the case. Bob Heusel also met the judge and explained that he never had used the slighting terms credited to him with regard to the commissioner. Judge Landis patted Meusel on the back and told him that he never blieved it anyway. But the suspensions still stand. consions still stand.
